### About the Daniel Morcombe Foundation

The Daniel Morcombe Foundation was established in honour of Daniel Morcombe to make Australia a safer place for all children. It was founded by parents Bruce and Denise Morcombe, after the tragic abduction of their 13-year-old son Daniel in December 2003, while he was waiting for a bus on the Sunshine Coast, Queensland. The aims of the Foundation are to educate children and young people about how to stay safe in physical and online environments and to support young victims of crime.

### About Australia's Biggest Child Safety Lesson

Australia's Biggest Child Safety Lesson (ABC SL) is an annual initiative of the Daniel Morcombe Foundation now its fourth year. In a livestreamed online format, ABC SL is an engaging, educational video aiming to teach age-appropriate personal safety strategies in an empowering manner. ABC SL provides schools, early learning services, and families with the tools to engage in effective conversations about child safety. In 2019, the lesson was viewed by over 350,000 children across the country!
